

DOCUMENT A
Advance notification of the delivery of waste at port reception facilities

Details of the vessel

Name of vessel
 IMO-number
 Gross tonnage
 Owner or operator
 Registry designation/Signal letters
 MMSI-number
 State

Type of vessel

Oil tanker	Bulk carrier	Container vessel
Chemical vessel	Passenger ship	Ro-Ro ship
Other type of cargo ship		
Other (specify)		

Port and route information

Terminal port	Last port for waste delivery
Date and time of arrival	Date of last delivery
Date and time for departure	Next delivery port
Last port and country	Last port and country
Next port and country (if known)	
Person submitting this form (if other than the commander)	

Waste type and quantity, as well as storage capacity

Oily products (Marpol annex I)

	Volume of waste to be delivered (m ³)	Maximum storage capacity for waste (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Oily wastewater					
Oily residues (sludge)					
Oily rinsewater from tank cleaning					

	Volume of waste to be delivered (m ³)	Maximum storage capacity for waste (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Contaminated ballast water					
Deposits and sludge from cleaning tanks					
Other (please specify)					

Hazardous liquid substances (1) (Marpol annex II)

	Volume of waste to be delivered (m ³)	Maximum storage capacity for waste (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Substance (category X)					
Substance (category Y)					
Substance (category Z)					
Other (please specify)					

¹ Enter the official shipping name of the hazardous liquid substance

Black water (Marpol annex IV)

	Volume of waste to be delivered (m ³)	Maximum storage capacity for waste (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Toilet waste					

Solid waste (Marpol annex V)

	Volume of waste to be delivered (m ³)	Maximum storage capacity for waste (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Plastic					
Food waste					
Household waste*					
Cooking oil					
Incineration ash					
Operational waste					
Animal carcasses					
Fishing gear					
Electrical waste (WEEE)					
Cargo residues harmful to the marine environment ⁽²⁾					
Cargo residues that are <u>not</u> harmful to the marine environment ⁽³⁾					
Other (<i>please specify</i>)					

² May be estimated; enter the official shipping name for the dry cargo

³ May be estimated; enter the official shipping name for the dry cargo

Air pollutants (Marpol annex VI)

	Volume of waste to be delivered (m ³)	Maximum storage capacity for waste (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Ozone depleting substances* (4)					
Residues from exhaust cleanings					

*Include equipment containing such substances

⁴ As a result of normal maintenance on board

Other waste not covered by Marpol

	Volume of waste to be delivered (m ³)	Maximal lagringskapacitet för avfall (m ³)	Volume of waste retained on board (m ³)	Port where remaining waste will be delivered	Estimated amount of waste to be generated between notification and the next port (m ³)
Passively fished waste					

Notification.

1. This information shall be used for port state control and other inspection purposes.

2. This form must be completed, except in cases where the vessel is covered by documentation according to article 9 in EU directive 2019/883

Other information that should be submitted to the port
