Please remember insert all fields.  
Click on the green button “Register” to confirm the registration.

4. Log in on the training course by:
  - a. Enter your first name and last name
  - b. Enter your personal identification number (6 digits, i.e. YYMMDD)
  - c. Enter the course code:
5. Two chapters including questions must be completed. When one has passed the training course it's displayed on the screen and a certificate may be printed out.

### TRAINING COURSE GENERAL INFORMATION

Please read instructions that will appear on the screen.

You may select preferred video quality by clicking on Low-Medium-High due to your internet broadband connection.

It may take some seconds prior to the video starting, depending on the existing Internet connection.

Furthermore, Windows may prevent the movie to start, which may lead to the fact that you have to right click on the right hand corner of the browser and accept.

The web browsers recommended are Chrome, Edge, Safari and Firefox.

If you work on a really old internet browser version or a very slow Internet connection (128 kbit/sec or lower), it may cause a problem to take the training course.
